THE FORUM will take up for discussion, during
1895, an unusually wide range of timely and
important topics by the most eminent writers
in the fields of Politics, Finance, Sociology,
Literature, Religion, Art, and Science.

To read The Forum is to keep in touch
with the best thought of the day.

To be without The Forum is to miss
the best help to clear thinking.

A catalogue of the writers who have contributed articles to THE FORUM in
the past would embrace practically every man of eminence in America, and most
of those in Europe. A list of subjects treated would cover in the widest degree all
topics of contemporaneous interest. THE FORUM is therefore of incalculable value
to any one who desires to keep closely in touch with the best of current thought.
